PREVIOUS CLIENTS

WEDDING PRODUCTION

★★★★★

We used Chris Tidmarsh of Christopher James events for a private home marquee wedding in September. He was absolutely exceptional and went above and beyond what we would expect. I'd highly recommend Chris for any event - and you can put your full faith in him as he has a great eye. The production and lighting was just beautiful and his work really elevated the event from being a great one to a spectacular one. The other suppliers we had also commented on what a nice guy Chris is (which we sincerely agree with). 10/10, thank you Chris

CORPORATE LIGHTING

★★★★★

Amazing! He will create your perfect event!

Chris is incredibly thoughtful throughout your whole event planning process.

He'll help you achieve the vision you have of your event, ask the questions you didn't know you needed the answers to, be the perfect person to liaise with your venue, and take all the hassle out of event planning.

I cannot recommend him and his team enough - thank you!

PRIVATE PARTY

★★★★★

Chris and his team were absolutely fantastic, we had a number of suppliers and acts to co-ordinate for a festival party. Chris helped introduce us to great suppliers, communicated with all before the day and ensured that we could enjoy the party knowing that everything was in safe hands.

We would highly recommend Christopher James events and Chris will be the first person we call when starting to plan our next event.
